Recommended Television List

(Updated 2/01/2010)

The following is a list of recommended televisions for the Evolution system. We have made our best effort to ensure that the televisions recommended work flawlessly with the Evolution upgrade system, however, due to the ever changing nature of the electronics industry it is possible that a brand or model recommended here may have worked at the time of testing but could change during production. If you have a problem with a television listed please let us know so we can update our information. Thank You.

Recommended Manufacturers

Sony (with Bravia Theatre Sync™)*

LG

Samsung

Viewsonic

Toshiba*

Vizio

Sharp

*Televisions do not require an IR emitter for power on/off control.

Known Compatibility Issues

Panasonic – TC-26LX85	Viewsonic – N2590w	Toshiba - 26AV52R
Panasonic – TC-32LX85	Viewsonic – N3290w	
Panasonic – TC-37LX85	Viewsonic – N4290w
